

Releasing Religious and Church Energies

I am a soul in human body. With my strength and power, with the strength and power of my free will, with the strength and power as a multidimensional being, with the strength and power of my body and all its perfect functions, with the strength and power of my mind, with the strength and power of the Primal Love of all being, I now remove all consciously and unconsciously

I, (state your name), hereby declare all agreements and contracts that I have ever entered into with the Church, the Vatican and its followers and pedophiles, with archangels, angels, and all beings and entities from the Matrix, with all religions and belief systems, the false Bible, and with the Devil himself—whether entered into voluntarily or under coercion—to be null and void.

This includes all contracts, energies, vows, oaths, initiations, programs, exclusions, imprisonments, exiles, burnings, abuse, crucifixions, sacrifices, and executions made in the name of the Church, the Vatican and its entourage; all curses, confessions of guilt and being born guilty; all sacraments ever received, invocations, possessions, rituals, confessions, all kinds of supplications and prayers, chains, bindings, cords, buttons, spells, shocks, traumas, addictions, entanglements, attachments, powerlessness, submission, poverty, illness, and the cross itself.

From all named and from all perpetrators, I now withdraw my power and strength on all levels, reclaim it fully for myself. I close all channels and seal them. This for myself and if the souls allow it, for all previous and future generations.

I now remove everything mentioned, along with all causes and consequences, from our DNA, from all our cells, including cellular memory, from all our bodies, on all levels, in all densities, times, worlds, and matrices, and I dissolve it and sever all connections. Now.

I neutralize, transform and dissolve everything in the Galactic Centre of the Primal Love of all Being. In love and gratitude. Now!

I fully hand over the responsibility for the transformation of these energies to the Source of all Being.

I now fill the freed space with my power and strength, with my original essence from the Source of all Being and with the Primordial Love of all Being. Blue-golden energy, is filling us up with love, clarity, truth, healing, and unity, now flows in us, through us, and around us. We carry this into the world. In love and gratitude. Now!
