

Rejection of the Activation of Nanobots and AI

I am a soul in a human body. I am a sovereign. With my strength and power, with the strength and power of my free will, with all my conscious and unconscious parts,

I now withdraw my consent from all nanobots, chips, implants, distortions, and connections and their creators, and I reject the activation of these parts. I also reject the singularity of my being. This is an order!

I completely reject all connections to AI and the AI itself and sever all connections along with all causes and consequences. Now!

I forbid any further placement and activation in my entire being on all levels, densities, in all times, worlds, and matrices. Now!

I flood my space with my original essence and with the primal love of all being.

In love and gratitude. Now.
