

Daily energetic cleansing

I am a soul in human body. With my strength and power, with the strength and power of my free will, with the strength and power as a multidimensional being, with the strength and power of my body and all its perfect functions, with the strength and power of my mind, with the strength and power of the Primal Love of all being, I now remove all consciously and unconsciously

absorbed foreign energies, parts of foreign souls, deceased souls, destructive frequencies, elementals, beings and entities, emotions, information, manipulations, manifestations, projections, diagnoses, predictions, illusions, lies and constructs of all kinds, thoughts, feelings, all fear guilt and shame, all suffering, fainting, all lack, all emptiness, poverty, tiredness, pressure, stress, tension, beliefs and belief systems, illnesses and symptoms, traumas and their causes and consequences, jealousy, envy, all kinds of wishes, desires, hunger and cravings, all control, all kinds of attacks and assaults all chips, implants, distortions, and connections placed on us, and sever all connections.

I now remove everything mentioned, along with all causes and consequences, from our DNA, from all our cells, from all our bodies, on all levels, in all densities, times, worlds, and matrices, and I release everything.

I neutralize, transform and dissolve everything in the Galactic Centre of the Primal Love of all Being. In love and gratitude. Now!

The free space is now filling up with blue-golden energy, with love, with clarity, and with truth. My space is filled with my original essence from the primal source of all being. I carry this into the world. For my highest good and for the highest good of all involved. With love and gratitude. Now.
